BUILDING THE LUCKY COUNTRY

We are Industry Professional Recruitment Consultants within Building Construction, Civil & Transport Engineering, Renewable Energy, Defence and Mining Infrastructure creating career opportunities on major projects throughout Australia.

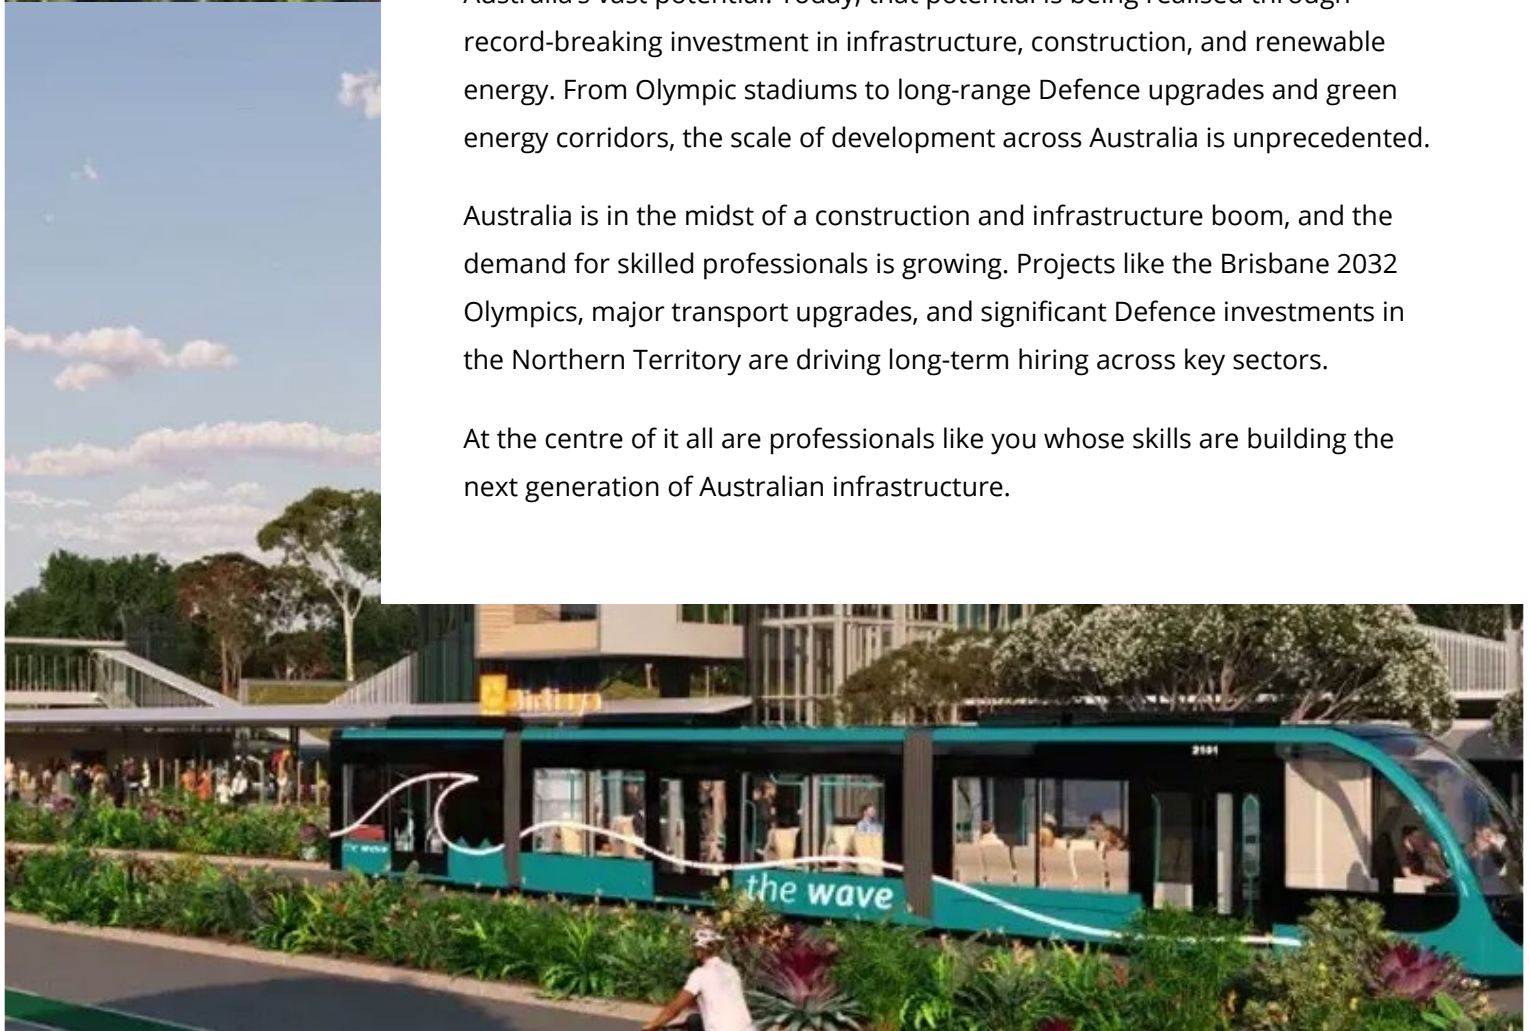

AUSTRALIA'S BUILDING BIG

Author David Horne coined the phrase “the lucky country” in 1965 to describe Australia’s vast potential. Today, that potential is being realised through record-breaking investment in infrastructure, construction, and renewable energy. From Olympic stadiums to long-range Defence upgrades and green energy corridors, the scale of development across Australia is unprecedented.

Australia is in the midst of a construction and infrastructure boom, and the demand for skilled professionals is growing. Projects like the Brisbane 2032 Olympics, major transport upgrades, and significant Defence investments in the Northern Territory are driving long-term hiring across key sectors.

At the centre of it all are professionals like you whose skills are building the next generation of Australian infrastructure.

WORKING WITH BRIGHTSIDE CONSULTANTS

Brightside Consultants is a progressive recruitment consultancy founded by professionals with extensive experience in the construction and engineering industry. We are committed to sourcing top-tier talent for companies in Australia and internationally creating impactful employment opportunities.

Our vision is straightforward yet impactful: We Build Great Careers for our professional networks and our clients project teams

How do we do this? We believe that trust forms the cornerstone of successful partnerships. We cultivate enduring relationships with both our clients and candidates with a sense of deep focus providing efficient and effective recruitment solutions for mid to senior-level positions in **Building Construction, Civil & Transport Engineering, Renewable Energy, Defence and Mining Infrastructure.**

AUSTRALIAN INFRASTRUCTURE

Over the years, the Australian and State Governments have injected billions of dollars into the economy and fast-tracked critical infrastructure to support population growth, sustainability goals, and economic development. The Brisbane 2032 Olympics alone have triggered a wave of projects, including new venues, athlete villages, and extensive transport upgrades, creating long-term opportunities across multiple disciplines.

Some of Australia's largest projects and state commitments are in these sectors:

- **Social Infrastructure & Building Construction (Health, Education, Public Venues)**
- **Civil & Transport Engineering Infrastructure**
- **Hydro and Water Infrastructure**
- **Renewable Energy (Hydrogen, Battery Storage, Solar & Wind)**
- **Defence Infrastructure (NT and Regional Upgrades)**
- **Mining Infrastructure and Development**

With over \$200 billion in current and planned infrastructure projects, Australia is entering a sustained period of national development. Major public and private investment is fuelling demand for skilled professionals across multiple sectors, from capital cities to regional project hubs.

BrightSide Consultants is actively recruiting for roles in Building Construction, Civil & Transport Engineering, Renewable Energy, Water Infrastructure, Mining, and Defence. Whether it's Olympic infrastructure in Brisbane, defence logistics in the NT, or transport upgrades in Victoria and NSW — we connect top-tier professionals with impactful projects nationwide.

BUILDING A CAREER IN AUSTRALIA

Moving2Australia in collaboration with **BrightSide Consultants** specialises in assisting individuals and families with both their migration and employment needs, providing comprehensive support throughout the relocation process. Our recruitment expertise ensures that clients are matched with suitable job opportunities that align with their qualifications and career goals. Additionally, our understanding of immigration eases the transition to a new country.

With **Moving2Australia** by their side, individuals can navigate the challenges of relocation with confidence and peace of mind, knowing that they have a dedicated partner to support them every step of the way.

Moving to a different country can be a daunting and challenging experience, filled with uncertainties and unfamiliarity. From navigating immigration and paperwork to adjusting to a new culture and lifestyle, the process can feel overwhelming.

Many individuals and families face difficulties finding the right roles that match their skills and qualifications in their new home country. However, partnering with a combined recruitment and migration expert, like **Moving2Australia**, can make all the difference.

Moving2Australia and **BrightSide Consultants** are delighted to be attending and associated with Construction Jobs Expo in Dublin in 2025. "Going-To-Talent" is what we do best – attracting the brightest and most committed professionals for life changing career opportunities in Australia.

On June 7th we will be presenting live career opportunities from our exclusive main contractor clients across Building Construction, Civil & Transport Engineering, Renewable Energy, Defence and Mining Infrastructure on major projects throughout Australia.

Meet our team at the **Construction Jobs Expo** so we can discuss opportunities, immigration pathways and relocation assistance to a new career and life down under.

Can't attend the Expo?

Register online and our team will connect with you.
